

Join the Journey.

The Red Brick Road specializes in organizational culture strategy and team & individual leadership development. We are more than a consultancy — we create a path toward clarity, resilience, and inclusive & purpose-driven leadership. Together, we'll chart your course and create the conditions for your team — and your mission — to thrive.

About Our Clients

We partner with mission-driven individuals and organizations committed to meaningful & sustainable change, leadership development, strategic clarity, and cultural alignment. Our clients span sectors and systems, but they share a common desire: to lead with intention, align values with action, and build cultures where people and purpose thrive. We tailor every engagement to the unique context, challenges, goals, and aspirations of those we serve—meeting clients where they are and walking alongside them toward where they want to go.

About Our Founder

Dr. LaTanya Buck Jones is founder of The Red Brick Road. As a consultant, facilitator, and Board Certified Coach (BCC), she works with organizations, teams, and individuals on organizational culture strategy and leadership development. With 20+ years' progressive experience in equity and inclusion leadership, LaTanya has expertise creating and building organizational structures, leading team workshops and trainings, developing frameworks and assessment measures, and consulting with executive leaders on strategic planning and inclusive leadership development.
